Local and Out of Town Deliveries

Hiring a new courier?

Give yourself peace of mind and confidence in your courier by using a company who can guarantee the following:

- Workman Compensation Status
You, the customer, can be liable if your courier service does not have Workman Compensation. This should be updated every three months. Be sure it is not in default.
- Certificate of Insurance (Cargo Insurance)
Providing a certificate of insurance is no problem for an insured carrier. Don't risk being liable for accident claims by using a carrier with inadequate insurance. Make sure you are giving your business to someone who will still be in business next week!
- Proof they are bonded (Crime Insurance)
- Criminal Background Check on Employees

S. A. Deliveries, the longest serving local delivery business in Fredericton, provides all of the above. We offer local moving, courier service, U-Haul rentals, basement and yard cleaning . . . anything we can handle. We have a staff of 20 people and use radio dispatched vehicles ranging from 3 ton with electric lift gate to cube vans, cargo vans, and 1/2 tons as well as cars, and we service numerous large companies.

Don't settle for anything less than an honest and professional service!
